PHONE PE BUSINESS ANALYSIS SUMMARY

Scenario-Based Recommendations

Insights and recommendations
tailored to each scenario

Choose a scenario for recommendations:

Scenario_4: User Engagement and Retention Strategies

Scenario 4: Retention Strategy

Key insights

- Meghalaya has the best engagement ratio, reaching 174.36 app opens per registered user.
- Karnataka appears among the states with the highest active user activity.
- Lakshadweep appears among the states with the lowest active user activity.

Recommendations

- Use Meghalaya as a benchmark and replicate its engagement tactics across other states.
- Increase retention and push marketing campaigns in Karnataka to sustain momentum.

- Design targeted reactivation and awareness campaigns for Lakshadweep to improve participation.
